

Board of Directors' report

The Board of Directors and the Chief Executive Officer ("CEO") of Bong AB (publ.), corporate ID no. 556034-1579, with registered headquarters in Kristianstad, Sweden, hereby submit their annual report for the financial year 1 January 2021 – 31 December 2021 for the Parent Company and the Group ("Bong", "the Group" or "the Company").

Bong is one of the leading envelope manufacturers in Europe, offering a wide and flexible range of solutions for distribution and packaging of information, advertisement and lightweight goods. Important growth areas in the Group are packaging within retail and e-commerce and the envelope market within Eastern Europe. The Group has annual sales of approximately SEK 1.8 billion and about 1,100 employees in 13 countries. Bong is a public limited company and its shares are listed on Nasdaq Stockholm (Small Cap).

MARKET

During the end of the year Covid-19-related restrictions were again implemented in most European markets. Additionally supply chains of raw material remain very tense and have resulted in drastic price increases.

In particular exploding gas and electricity prices on top of machine shut-downs and strikes which reduce paper capacity and puts high pressure on paper prices. In addition, there are higher prices for glue, window films, freight, packaging, and difficulties in hiring qualified workforce. An end of this development is currently not predictable.

LIGHT PACKAGING

In light packaging, the positive trend continued in 2021 with a currency-adjusted sales increase of 8 percent or SEK 40 million.

The very positive development in Gussets is mainly because of our new e-Green range, Gussets increased by 50 percent or SEK 38 million in 2021.

Due to increased need for e-commerce packaging the Bubble mailers increased at a currency adjusted rate of 10 percent or SEK 7 million. With hard lockdowns in most European countries in 2021 with non-essential shops completely closed the Retail Gift Bags were again negatively affected with a currency adjusted 17 percent or SEK 12 million.

ENVELOPES

The overall currency adjusted year to date Envelope sales decreased by -3% which is mainly negatively related to Q1 2021 as Q1 2020 was not affected heavily by Covid-19. At the same time price increases towards our customer were having a positive impact.

The development of envelope sales is following the negative long-term trend.

TURNOVER

Consolidated sales for the period reached SEK 1,804 million (1,843). Exchange rate fluctuations had a negative impact of SEK -45 million (-22) on sales compared with 2020. Operating profit increased to SEK 46 million (-19).

The Group's gross margin is slightly below the levels of previous year. During the period operating profit was affected positively by a realized capital gain of SEK 10 million (10) attributable to the sale of machines. Operating profit was also affected negatively by restructuring costs of SEK

-1 million (-15) and write-down of goodwill of SEK -18 million (-35). Exchange rate fluctuations for the period had a negative impact on operating profit of SEK -2 million (0).

Net financial items for the period amounted to SEK -36 million (-37).

Earnings before tax amounted to SEK 10 million (-56) and reported earnings after tax were SEK 3 million (-66).

Bong's total light packaging revenues amounted to SEK 520 million (492). Currency fluctuations had a negative impact on light packaging sales of SEK -14 million (-6) compared with the corresponding period in 2020.

Bong's total envelope revenues amounted to SEK 1,284 million (1,352). Currency fluctuations had a negative impact on envelope sales of SEK -31 million (-16) compared with the corresponding period in 2020.

CASH FLOW AND INVESTMENTS

The cash flow after investing activities increased to SEK 60 million (31) compared to previous year. Cash flow from operating activities before changes in working capital amounted to SEK 79 million (27). Working capital had a positive impact on the cash flow of SEK -12 million (7).

Restructuring programs had negative impact on the cash flow of SEK -2 million (-25).

FINANCIAL POSITION

Cash and cash equivalents at 31 December 2021 amounted to SEK 135 million (SEK 110 million at 31 December 2020). The Group had unutilized credit facilities of SEK 9 million on the same date. Total available cash and cash equivalents thus amounted to SEK 144 million (SEK 122 million at 31 December 2020). Consolidated equity at the end of December 2021 was SEK 440 million (SEK 412 million at 31 December 2020). Translation of the net asset value of foreign subsidiaries to Swedish Krona and changes in the fair value of pension debt and derivative instruments increased consolidated equity by SEK 25 million. The interest bearing net loan debt amounted to SEK 439 million, whereof pension debt amounts to SEK 215 million and IFRS 16 leasing contracts amount to SEK 115 million (SEK 471 million at 31 December 2020, whereof pension debt amounts to SEK 236 million and IFRS 16 leasing contracts SEK 107 million).

CAPITAL EXPENDITURE

Net investments in the period had a negative impact amounting to SEK -7 million (-3). The net investments include an investment in production equipment and sale of machines.

EMPLOYEES

The average number of employees during the period was 1,141 (1,195). The Group had 1,129 (1,155) employees at the end of December 2021. Bong has intensively worked on improving productivity and adjusting staff to meet current demand and the reduction is the result of the implemented restructuring measures.

ENVIRONMENT

Bong's environmental work is aimed at minimising the environmental effects of both end products and processes. At present Bong is working actively to improve production methods so that polluting emissions are minimised, to eco-label as large a portion of the range as possible, and to boost knowledge and awareness of environmental issues among its employees. Besides imposing demands on its own operations, Bong is also trying to influence suppliers and customers to design their products so that ecocycle thinking and conservation of natural resources are prioritised. In order to further streamline environmental efforts, the Company strives for all plants in the Group to be certified in accordance with ISO 14001. The plants in Solingen in Germany and Kristianstad in Sweden, as well as Milton Keynes and Derby in the UK, Evreux and Angoulême in France are certified.

SUSTAINABILITY REPORT

In accordance with the rules in the Swedish Annual Report Act, Bong has chosen to set up a Sustainability Report separate from the Administration Report. The Sustainability Report is found on pages 3-6.

RESEARCH AND DEVELOPMENT

The Group conducts some research and development activities. In addition, active efforts are pursued to meet customer needs for different envelopes and packaging solutions.

PARENT COMPANY

The Parent Company's business extends to management of operating subsidiaries and certain Group management functions. Sales were SEK 2.6 million (3.5) and earnings before tax for the period were SEK 1 million (-57).

COVID-19

A number of different measures have been taken at Bong to mitigate the short and long term effects of the corona virus, with health and safety for employees and customers as the highest priority. Bong follow the development carefully and adjust the measures according to local authorities' advice and regulations and strive to mitigate any disruptions to the Group's operations. The contributions received from the governments shown as other operating income amount to SEK 1 million (16) for the Group. Other government fee reductions have reduced the social fees with SEK 0 million (2). Loan with guarantee from the government amounts to SEK 39 million. SEK 9 million is due within one year, and SEK 30 million within 5 years. Loan with guarantee from the government amounts to 8 MSEK with a duration of 10 years per terms at the issue date. The Group has no substantial losses on account receivables related to Covid-19. Bong will monitor the development to assess any effects on the valuation of goodwill or on non-financial assets or financial assets. It is currently not possible to predict with sufficient reliability over what period and to what extent Bong will face further impacts during upcoming years including write-offs due to impairments of assets and goodwill.

THE BOARD OF DIRECTORS' PROPOSAL FOR GUIDELINES FOR EXECUTIVE REMUNERATION

Members of the Group Management, at present consisting of the company's CEO, also Business Unit Manager Central Europe, Chief Financial Officer (CFO), Business Unit Manager Nordic countries, Business Unit Manager United Kingdom and Business Unit Manager South Europe and North Africa, also Business Unit Manager Bong Retail Solutions fall within the provisions of these guidelines. The guidelines are forward-looking, i.e. they are applicable to remuneration agreed, and amendments to remuneration already agreed, after adoption of the guidelines by the annual general meeting 2021. These guidelines do not apply to any remuneration decided or approved by the general meeting.

THE GUIDELINES' PROMOTION OF THE COMPANY'S BUSINESS STRATEGY, LONG-TERM INTERESTS AND SUSTAINABILITY.

In short, the company's business strategy is the following. Bong is one of the leading envelope manufacturers in Europe, offering a wide and flexible range of solutions for distribution and packaging of information, advertisement and lightweight goods. Important growth areas in the Group are packaging within retail and e-commerce and the envelope market within Eastern Europe. Bong conducts broad sustainability work aimed at low environmental impact, safe workplaces where employees are treated equally and high business ethics.

A prerequisite for the successful implementation of the company's business strategy and safeguarding of its long-term interests, including its sustainability, is that the company is able to recruit and retain qualified personnel. To this end, it is necessary that the company offers competitive remuneration. These guidelines enable the company to offer the executive management a competitive total remuneration.

Variable cash remuneration covered by these guidelines shall aim at promoting the company's business strategy and long-term interests, including its sustainability.

TYPES OF REMUNERATION, ETC.

The remuneration shall be on market terms and may consist of the following components: fixed cash salary, variable cash remuneration, pension benefits and other benefits. Additionally, the general meeting may – irrespective of these guidelines – resolve on, among other things, share-related or share price-related remuneration. The satisfaction of criteria for awarding variable cash remuneration shall be measured over a period of one year. The variable cash remuneration may amount to not more than 60 per cent of the fixed annual cash salary.

Bong AB has, at the time for the Annual General Meeting to be held on 11 May 2022, no outstanding remuneration commitments apart from running commitments towards senior executives.

For the CEO, pension benefits, including health insurance (Sw: sjukförsäkring), shall be premium defined. Variable cash remuneration shall not qualify for pension benefits. The pension premiums for premium defined pension shall amount to not more than 30 per cent of the fixed annual cash salary. For other executives, pension benefits, including health insurance, shall be premium defined unless the individual concerned is subject to defined benefit pension under mandatory collective agreement provisions. Variable cash remuneration shall qualify for pension benefits to the extent required by mandatory collective agreement provisions. The pension premiums for premium defined pension shall amount to not more than 30 per cent of the fixed annual cash salary.

Other benefits may include, for example, life insurance, medical insurance and company cars. Premiums and other costs relating to such benefits may amount to not more than 15 per cent of the fixed annual cash salary.

For employments governed by rules other than Swedish, pension benefits and other benefits may be duly adjusted for compliance with mandatory rules or established local practice, taking into account, to the extent possible, the overall purpose of these guidelines.

TERMINATION OF EMPLOYMENT

The notice period may not exceed twelve months if notice of termination of employment is made by the company. Fixed cash salary during the period of notice and severance pay may together not exceed an amount equivalent to the CEO's fixed cash salary for two years, and one year for other executives. The period of notice may not exceed six months without any right to severance pay when termination is made by the executive.

For employments governed by rules other than Swedish, termination of employment may be duly adjusted for compliance with mandatory rules or established local practice, taking into account, to the extent possible, the overall purpose of these guidelines.

CRITERIA FOR AWARDING VARIABLE CASH REMUNERATION, ETC.

The variable cash remuneration shall be linked to [predetermined and measurable] criteria which can be financial or non-financial. They may also be individualized, quantitative or qualitative objectives. The criteria shall be designed so as to contribute to the company's business strategy and long-term interests, including its sustainability, by for example being clearly linked to the business strategy or promote the executive's long-term development. Applied criteria are financial goals such as Profit before tax and growth goals for Light Packaging, both of which contribute to the Group's business strategy, long-term interests and sustainability. Bong conducts broad sustainability work aimed at low environmental impact, safe workplaces where employees are treated equally and high business ethics.

To which extent the criteria for awarding variable cash remuneration has been satisfied shall be evaluated/determined when the measurement period has ended. The remuneration committee is responsible for the evaluation so far as it concerns variable remuneration to the CEO. For variable cash remuneration to other executives, the CEO is responsible for the evaluation. For financial objectives, the evaluation shall be based on the latest financial information made public by the company.

SALARY AND EMPLOYMENT CONDITIONS FOR EMPLOYEES

In the preparation of the board of directors' proposal for these remuneration guidelines, salary and employment conditions for employees of the company have been taken into account by including information on the employees' total income, the components of the remuneration and increase and growth rate over time, in the remuneration committee's and the board of directors' basis of decision when evaluating whether the guidelines and the limitations set out herein are reasonable.

THE DECISION-MAKING PROCESS TO DETERMINE, REVIEW AND IMPLEMENT THE GUIDELINES.

The board of directors has established a remuneration committee. The committee's tasks include preparing the board of directors' decision to propose guidelines for executive remuneration. The board of directors shall prepare a proposal for new guidelines at least every fourth year and submit it to the general meeting. The guidelines shall be in force until new guidelines are adopted by the general meeting. The remuneration committee shall also monitor and evaluate programs for variable remuneration for the executive management, the application of the guidelines for executive remuneration as well as the current remuneration structures and compensation levels in the company. The CEO and other members of the executive management do not participate in the board of directors' processing of and resolutions regarding remuneration-related matters in so far as they are affected by such matters.

DEROGATION FROM THE GUIDELINES

The board of directors may temporarily resolve to derogate from the guidelines, in whole or in part, if in a specific case there is special cause for the derogation and a derogation is necessary to serve the company's long-term interests, including its sustainability, or to ensure the company's financial viability. As set out above, the remuneration committee's tasks include preparing the board of directors' resolutions in remuneration-related matters. This includes any resolutions to derogate from the guidelines.

EVENTS AFTER THE END OF THE PERIOD

The Russian invasion of Ukraine has had various implications on the European as well as the global market, mainly for companies active in these countries. Bong has no factories in Russia or Ukraine but are impacted indirectly by increased cost of Raw materials mainly due to higher energy surcharges, increased freight costs and further disruptions of the supply chain of our supplier as a result of the war.

OWNERSHIP

Bong's principal owner, with a holding of more than ten per cent of the votes and capital, is Holdham S.A., with 25 per cent of the votes and capital. Gomobile Nu AB, the second largest owner, owns 14.9 per cent of the votes

and capital in the Company. The total number of shares was per December 31, 2021, 211,205,058. All shares carry the same rights. There are no restrictions on the transferability of the shares due to legal regulations or rules in the Articles of Association. Bong is not aware of any agreements between direct shareholders in Bong that entail restrictions in the right to transfer shares. In the event of a public offer, no agreements are triggered that would have a material effect on Bong's earnings or financial position.

APPOINTMENT OF BOARD AND AMENDMENT OF ARTICLES

The Company's Board of Directors shall consist of a minimum of four and a maximum of nine members. The members are elected at a General Meeting of Shareholders for the period until the end of the first Annual General Meeting (AGM) held after appointment of the member. The Articles of Association can be amended at the AGM or a General Meeting of Shareholders.

RISKS AND OPPORTUNITIES

Like all business operations, Bong's operations are associated with risks and opportunities. The specific factors judged to have the greatest impact on Bong's operations are presented below.

OPERATING RISKS AND OPPORTUNITIES

MARKET DEVELOPMENT

Historically, the envelope market has developed in line with the general economic development. The development of the envelope market today is influenced by information technology development and the associated digitisation.

Demand for envelopes for direct mail varies with the economy. With the aid of more sophisticated databases with personal information a market is being created for highly sophisticated envelopes intended for personally addressed direct mail. Large promotional mailings in envelopes are declining in frequency and scope over time.

Administrative mailings as a whole has declined with respect to account statements, order confirmations, etc. as part of digitisation and internet penetration. The strong demand for packaging in both e-commerce and traditional retail creates great opportunities for Bong to create growth in its packaging line. Packaging customers also present an opportunity for cross-selling of envelopes. Over time, growth in the packaging area is expected to compensate for the decline in envelopes. Bong is closely monitoring developments and is very active within packaging to ensure sustained growth.

POSTAGE AND CHARGES

Changes in postage and charges can lead to changes in letter and mail volumes. Postage increases have a negative impact on volumes, while postage decreases have a positive impact. Postage is usually based on weight or size. Several large markets are using weight-based postage. A transition from weight to size-based postage could lead to changes in Bong's product mix and cause a shift towards smaller envelope sizes.

INDUSTRY STRUCTURE AND PRICE COMPETITION

The European envelope market is undergoing a continuous consolidation. The three largest envelope companies represent approximately 70 per cent of the total market. However, some of the major markets are still fairly fragmented. Bong believes that overcapacity in the industry has fallen slightly.

PAPER PRICES

Uncoated fine paper is the single most important input material for Bong. The cost of fine paper is about 50 per cent of the total cost. Under normal conditions, Bong can compensate for price increases, with some time lag.

DEPENDENCE ON INDIVIDUAL SUPPLIERS AND/OR CUSTOMERS

Uncoated fine paper is Bong's most important input material and is mainly purchased from three major suppliers. Delivery disruptions from any of the three suppliers could affect Bong negatively in the short term. In a long term perspective, Bong does not have any suppliers that are critical to its operations. The Group's dependence on individual customers is limited. The biggest customer accounts for 5 per cent of annual sales, and the 25 biggest customers account for 36 per cent of total sales.

CAPITAL NEEDS AND INVESTMENTS

All companies in the European envelope industry have roughly the same production equipment. The age of the machinery is of limited importance for production efficiency, but newer machines generally have higher capacity. Machine wear is low, and production control and automation are crucial for cost-effective production. In general, the long life of the machines inhibits scrapping and consolidation in the industry. On the other hand, the low investment needs lead to good cash generating capacity. At year-end the Group's machinery consisted of about 130 envelope machines and 70 overprinting presses. The investment need in existing structure is judged to be limited during the next few years and clearly less than the Group's depreciation costs.

FINANCIAL RISK MANAGEMENT

Information regarding goals and applied principles for financial risk management, use of financial instruments and exposure to currency risks, interest rate risks and liquidity risks is provided in note 1.

DISPUTES

Bong has no on-going or pending material legal disputes.

ENVIRONMENT

Bong complies with the environmental laws and rules that apply in each country to this type of industrial production. By means of measurements and regular inspections, Bong has ensured that emission limits are not exceeded. There are no indications that the laws in this area will change in such a way that Bong would be affected to any significant extent or that Bong would be unable to comply with these requirements in the future.

SENSITIVITY ANALYSIS

Important factors that affect Bong's earnings and financial position are the volume trend for envelope sales, the price trend for envelopes, paper prices, payroll costs, currency rate changes and interest rate levels. The table below shows how Bong's 2021 earnings would have been affected by a change in a number of parameters. Reported effects should be regarded merely as an indication of how profit after financial items would have been affected by an isolated change in the particular parameter.

Parameter	Change	Impact on earnings after financial items, SEK million
Price	+/- 1%	17 +/-
Volume	+/- 1%	8 +/-
Paper prices	+/- 1%	10 +/-
Payroll costs	+/- 1%	5 +/-
Interest level borrowing	+/- 1%-point	2 +/-

CORPORATE GOVERNANCE REPORT

Effective and clear corporate governance helps secure the confidence of Bong's stakeholders while also increasing focus on business benefits and shareholder value in the Company. Bong's Board of Directors and management strive, by means of great transparency, to make it easier for the individual shareholder to follow the Company's decision pathways and to clarify where in the organisation responsibilities and powers lie.

CORPORATE GOVERNANCE PRINCIPLES

Corporate governance within Bong is based on applicable legislation, the regulatory framework for Nasdaq Stockholm and various internal guidelines. The most recent version of the Swedish Code of Corporate Governance ("the Code") was published in November 2019 and covers all listed companies as of 1 January 2021. Bong applies the Code, and in those cases the Company has chosen to disregard the rules of the Code, the reason is given in the appropriate section of the Corporate Governance Report.

Bong is a Swedish public limited liability company whose shares are traded on Nasdaq Stockholm in the Small Cap segment. Bong has around 3,620 shareholders.

Responsibility for management and control of Bong is divided between the shareholders at the General Meeting of Shareholders, the Board of Directors, its elected committees and the CEO, according to the Swedish Companies Act, other acts and ordinances, the Code and other applicable rules governing listed companies, the Articles of Association and the Board's internal policy instruments.

The purpose of corporate governance is to define a clear division of responsibilities and roles between owners, Board of Directors, executive management and appointed control bodies.

CORPORATE GOVERNANCE REPORT 2021

OWNER INFLUENCE

Governance of Bong is exercised via the General Meeting of Shareholders, the Board of Directors and the CEO. The highest decision-making body in Bong is the General Meeting of Shareholders.

The Annual General Meeting (AGM) elects the Company's Board of Directors. The duties of the AGM also include adopting the Company's financial statements, deciding how to distribute the earnings, and deciding whether or not to discharge the members of the Board and the CEO from liability. The AGM also elects Bong's auditors.

Bong's Annual General Meeting on May 12th 2021 was conducted through postal voting due to the Covid-19 pandemic. Out of the total shared and votes in the company, 44.3 percent was represented. No Board members or the Company's auditors were present or represented at the AGM due to the Covid-19 pandemic.

BOARD OF DIRECTORS

Bong's Board of Directors decides on the Group's overall strategy and on the acquisition and disposal of business entities and real estate.

The work of the Board is regulated, e.g. by the Swedish Companies Act, the Articles of Association and the rules of procedures adopted by the Board for its work. According to the Articles of Association, the Board of Directors shall consist of at least four and at most nine members. From the time of the AGM in 2021 the Board has consisted of four AGM elected members without deputies and one employee members with no deputy. The Chairman of the Board since the AGM 2016 is Christian Paulsson. The other Members of the Board are Stéphane Hamelin, Eric Joan and Per Åhlgren. The Board of Directors has appointed from among their number two committees: the Audit Committee and Remuneration Committee.

REMUNERATION OF THE BOARD

The Chairman of the Board received a fee during 2021 of SEK 317,000 (350,000). The amount is part of the total fee payable to the Board stipulated by the AGM 2021 and includes a fee for work in the Audit Committee. No other fees were paid. There is no agreement on pension, severance pay or other benefits. Information about remuneration of the Board of Directors, as resolved by the 2021 Annual General Meeting, can be found in note 5.

BOARD MEMBERS ELECTED BY THE AGM

Christian Paulsson (b. 1975)

Chairman of the Board since May 2016 and Board member since 2014.

Chairman of the Audit Committee and the Remuneration Committee.

Education and previous experience: Factory worker at Bong Sverige AB.

Other directorships/positions: -.

Terminated board appointments/partnerships over the past five years: -.

Shares in Bong: -.

RULES OF PROCEDURE FOR THE BOARD

The Board of Directors has adopted written rules of procedure and issued written instructions concerning the division of responsibilities between the Board and the CEO. There are instructions regarding information to be furnished regularly to the Board of Directors.

During financial year 2021, the Board of Directors held seven meetings in addition to the statutory meeting. The CEO provided board members with information at all regular meetings about the financial position of the Group and significant events in the Company's operations.

The Board meets at least four times a year in addition to the statutory meeting. One of the meetings can be held at one of the Group's units and be combined with an in-depth review of this unit.

The following important issues were dealt with on board meetings during 2021:

- 11 February Year-end report and report from the Auditors
- 12 May Interim report Q1
- 12 June Statutory board meeting subsequent to the AGM 2021
- 15 July Half-year report Q2
- 11 November interim report Q3
- 9 December Budget 2022

COMPOSITION OF THE BOARD OF DIRECTORS AND NUMBER OF FORMAL MEETINGS IN 2021

Bong complies with the Code with regard to requirements for independent Board members of the company, but not with regard to independent Board members of major shareholders.

	Independent of company ¹	Independent of major shareholders ¹	Attendance at board meetings
Christian Paulsson	Yes	Yes	8
Stéphane Hamelin	No	No	8
Eric Joan	Yes	No	8
Per Åhlgren	Yes	No	7

¹The assessment of independence has been made in accordance with the Code.

RESTRICTIONS ON VOTING RIGHTS

The Company's articles of association do not contain any limitations in respect to how many votes each shareholder may cast at an AGM or a General Meeting of Shareholders.

NOMINATION COMMITTEE

The Annual General Meeting appoints a Nomination Committee whose task is to submit proposals to the AGM in consultation with the principal owners on the composition of the Board of Directors. The Nomination Committee elected by the 2021 AGM consisted of three members: Stéphane Hamelin (Holdham S.A.), Per Åhlgren (GoMobile Nu AB) and Christian Paulsson (Paulsson Advisory AB). Stéphane Hamelin was appointed Chairman of the Nomination Committee. Since Bong's principal shareholders (Holdham S.A., GoMobile Nu AB and Paulsson Advisory AB), represented about 44 per cent of votes, it was only natural that they were represented on the Nomination Committee. Furthermore, said shareholders considered it to be natural that a representative from one of the largest shareholders in terms of votes should serve as Chairman of the Nomination Committee. The Nomination Committee has dealt with the issues that follow from the Code and received a Board evaluation from the Board. The evaluation was performed using a questionnaire which showed that the Board functions well. The Nomination Committee has had one formal meeting with regular contacts in between.

REMUNERATION COMMITTEE

The Board of Directors has appointed a Remuneration Committee consisting of Christian Paulsson, chairman, and Stéphane Hamelin.

The committee's task is to review and give the Board recommendations regarding the principles for remuneration, including performance-based remuneration of the Company's senior executives.

Issues concerning the CEO's terms of employment, remuneration and benefits are prepared by the Remuneration Committee and decided by the Board of Directors. The CEO's salary consists of a fixed portion and a variable portion. The variable component, which is re-examined annually, is dependent on the achievement of results for the Company and the CEO. The Remuneration Committee met on one occasion in 2021, at which all members participated.

AUDIT COMMITTEE

The Board of Directors has appointed an Audit Committee consisting of Christian Paulsson, chairman, and Per Åhlgren.

The Audit Committee shall oversee that the Company's accounts are prepared with full integrity for the protection of the interests of shareholders and other parties and specifically be responsible to review and monitor the impartiality and independence, and pay particular attention to whether the auditor is delivering other services to the holding company other than auditing. In addition, the Audit Committee shall approve all non-audit services, issue guidelines on allowable tax and valuation services, ensuring that the fees for non-audit services do not exceed the 70 per cent rule and monitor the auditor's assessment of its impartiality and independence. The 70 per cent rule means that fees for advisory services may not exceed 70 per cent of the last three years' average audit fee.

The Audit Committee met three times in 2021, one of the members did not attend at one of those meetings.

EXTERNAL AUDITORS

Bong's auditors are elected by the AGM for a term of one year. The 2021 AGM elected accounting firm PricewaterhouseCoopers AB, with authorised auditor Lars Nilsson, as principal auditor, and authorised auditor Patrik Larsson as co-auditor, for a one-year mandate period. The auditors review the Board's and the CEO's administration of the Company and the quality of the Company's audit documents. The auditors report the results of their review to the shareholders via the Audit Report, which is presented at the AGM. In addition, the auditors submit detailed accounts to the Board of Directors at least once a year and report to the Audit Committee at each of its meetings.

THE CEO AND GROUP MANAGEMENT

The CEO leads the day-to-day management of the Company in accordance with the Board's guidelines and directions. The CEO is responsible for keeping the Board of Directors informed and ensuring that the Board of Directors has all the material needed to make informed decisions.

The CEO also keeps the Chairman of the Board informed, by continuous dialogue, of the development of the Group. The CEO and others in the Group Management hold formal meetings about every quarter, as well as a number of informal meetings, to go through the results of the previous month and discuss strategy. In 2021, Bong's Group Management consisted of five persons. The Group consists of the parent company Bong AB and a number of subsidiaries, as reported in note 19. Reporting by subsidiaries takes place on a monthly basis. The boards of the subsidiaries mainly consist of members of Bong's corporate management.

REMUNERATION FOR GROUP MANAGEMENT

The 2021 AGM decided that the Group Management's salaries should consist of a fixed basic salary plus variable performance-based remuneration which can be paid for performance that exceeds what is normally expected of a member of the Group Management after an evaluation has been made of individual performances and the Company's reported profit.

The extent to which pre-established goals for the Company and the senior executive have been achieved is taken into account when establishing the variable remuneration. The total remuneration for members of the Group Management should be set at market terms.

INTERNAL CONTROL

The Board of Directors is responsible for ensuring that there is a good system for internal control and risk management. Responsibility for creating good conditions for working with these matters is delegated to the CEO. Both Group Management and managers at different levels in the Company bear this responsibility in their respective areas. Powers and responsibilities are defined in policies, guidelines and instructions for authorisation rights.

THE BOARD'S STATEMENT REGARDING INTERNAL CONTROL

According to the Code, the Board of Directors shall annually submit a description of the Company's system for internal control and risk management regarding financial reporting. This report is prepared in accordance with the Code.

ORGANISATION FOR INTERNAL CONTROL

Internal control regarding financial reporting is a process designed to provide reasonable assurance regarding the reliability of the external and financial reporting and whether the financial statements are prepared in accordance with generally accepted accounting principles, applicable acts and ordinances and other requirements for listed companies. The internal control activities are included in Bong's administrative procedures. Internal control regarding financial reporting in Bong can be described in accordance with the following framework.

CONTROL ENVIRONMENT

Internal control in Bong is based on a control environment that includes values and management culture, follow-up, a clear and transparent organisational structure, division of duties, the duality principle, quality and efficiency of internal communications. The basis of the internal control regarding financial reporting consists of a control environment with organisation, decision-making channels, powers and responsibilities that have been communicated in governing documents, such as internal policies, guidelines and instructions, as well as job descriptions for controlling functions. Examples are rules of procedure for the Board of Directors and CEO, instructions for financial reporting, information policy and authorisation instructions.

CONTROL ACTIVITIES

The control activities include both general and detailed controls intended to prevent, detect and correct errors and non-conformance.

The control activities are devised and documented at the corporate and departmental level. The internal regulatory framework with policies, guidelines and instructions comprises the most important tool for furnishing information and instructions for the purpose of securing the financial reporting. In addition, a standardised reporting package is used by all subsidiaries in order to ensure consistent application of Bong's principles and coordinated financial reporting.

RISK ASSESSMENT

Bong continuously evaluates the risks surrounding reporting. Furthermore, the Board of Directors is responsible for ensuring compliance with insider laws and standards for furnishing information. The overall financial risks are defined and taken into consideration in establishing the Group's financial goals.

The Group has an established, but changeable, system for management of business risks that is integrated in the Group's control process for business planning and performance. In addition, controls are routinely made on business risks and risk assessment within the Group. There are procedures for ensuring that significant risks and control deficiencies are, when necessary, detected by the Group Management and the Board of Directors on a periodic basis.

INFORMATION AND COMMUNICATIONS

In order to ensure effective and correct information, both internally and externally, good communications are required. There are guidelines for ensuring that relevant and essential information is communicated within the Group, within each unit and between the management and the Board of Directors. Policies, manuals and work descriptions are available on the Company's intranet and/or in printed form. In order to ensure that external information is correct and complete, Bong applies an information policy adopted by the Board of Directors.

FOLLOW-UP

The CEO is responsible for ensuring that internal control is organized and followed up in accordance with the guidelines issued by the Board of Directors. Financial governance and control are exercised by the Group accounting function. The financial reporting is analysed monthly at a detailed level. The Board of Directors has regular access to financial reports, and the Company's financial situation is dealt with at every Board meeting.

Every quarterly report is reviewed by the Board of Directors. The CEO is also responsible for ensuring that independent objective reviews are performed for the purpose of systematically evaluating and proposing improvements in the processes for governance, internal control and risk management of the Group. In view of this, and how the financial reporting has otherwise been organised, the Board of Directors finds no need for a special internal auditing function.

PROPOSED DISTRIBUTION OF EARNINGS

The Board of Directors proposes that the earnings available for distribution, SEK 126 593 672.35 be carried forward. See note 35.

BOARD'S OPINION CONCERNING PROPOSED DIVIDEND

Bong's current priority is to reduce debt and improve profitability. Therefore, the Board proposes that no dividend be paid for 2021. No dividend was paid for 2020.
